Berkeley a top producer of Fulbright scholars

UC Berkeley was again recognized as one of the Fulbright Program's "top producers." In the latest funding cycle, 11 graduate students and seven undergraduate students were awarded Fulbright fellowships, putting Berkeley in 13th place among U.S. research universities. Six Berkeley professors were also named Fulbright Scholars, placing Berkeley in seventh place.

Campaign for Berkeley verges on \$3 billion goal!

UC Berkeley is within striking distance of its \$3 billion goal for The Campaign for Berkeley, raising \$2.98 billion from alumni, parents, students, and friends since its inception eight years ago.

A major milestone toward meeting the goal was last year's completion of the Hewlett Challenge, which created 100 new endowed faculty chairs as part of an unprecedented dollar-for-dollar match begun in 2007 when the campus received \$113 million, the largest private gift in its history, from the William and Flora Hewlett Foundation.

Please support Berkeley during this final stretch of the campaign. Any gift that you make to the program you love the most — whether it's your school or college, a scholarship, or your favorite club — before Dec. 31, 2013, will count.

The Campaign for Berkeley

2005 – 2013

As of September 30, 2013, the campus raised \$2.98 billion toward the \$3 billion campaign goal with **31% endowment** and **69% non-endowment** funding.
